LETTER FROM MRS. LILES

I want to extend a huge thank you to you all for a wonderful start to the 2022-2023 school year! Our scholars have shown enthusiasm for learning since day one and have all been working hard to contribute to their classroom communities in positive ways by showing our core values.

In September, we saw some of the highest attendance numbers in school history and have seen steady academic growth across the board due to this consistency and the dedication of our scholars and teachers. Thank you for your continued support of your scholar's education by ensuring they are on time and in school every day.

In this first quarter we have been focused on learning productive routines and familiarizing scholars with new aspects of the curriculum all while incorporating expansive learning experiences through enrichment time and field trips. Our kindergarten and first grade scholars recently went to the zoo in anticipation of learning about animal habitats. Our second-grade classes went to Tuttle Orchard and learned about the life cycle of apples and the development and production of an orchard. Our third, fourth, and fifth grade scholars have field trips scheduled in the coming weeks. Stay tuned for more details.

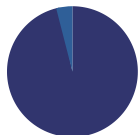

During enrichment time, we have started a new computer science curriculum for scholars to learn the basics of computer programming and coding through Kodable as well as proper keyboarding and typing techniques that also reinforce writing skills, and we have instituted a weekly library time for each class. We have also launched weekly teambuilding activities to help scholars develop stronger problem solving and interpersonal skills with peers. Scholars have been receptive and excited about these changes.

We appreciate your continued involvement and support and look forward to speaking with you during conferences as well as at upcoming events.

I hope you have an enjoyable fall break! - Mrs. Liles, Principal

Just as we like to recognize our scholars each month for showing our core values, we also like to acknowledge and appreciate our staff members who epitomize what it means to BE GREAT. Our first Staff Member of the Month was Ms. Ericka Halbert, our Family Engagement Coordinator! Ms. Halbert showed our core value of BRAVERY by taking on new responsibilities to connect with our families and community around enrollment, by providing engaging activities for our scholars during their class library time, and by supporting teachers and scholars throughout the school day. Thank you, Ms. Halbert, for all you do to support our scholars and school!
